

Enso Wealth Management

Client Relationship Summary as of June 25, 2020

There are different ways you can get help with your investments. You should carefully consider which types of accounts and services are right for you. *Free and simple tools are available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.*

We are an investment adviser registered with the Securities and Exchange Commission that offers advisory accounts and services rather than brokerage accounts and services. This document gives you a summary of the types of services we provide and how you pay. Please ask us for more information. There are some suggested questions to ask us at the end of each section.

RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE TO ME?

Our Comprehensive Portfolio Management service encompasses **Asset Management** as well as providing **Financial Planning/Financial Consulting** to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone or video conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client.

* **Asset Management Services**

- We will provide you advice on a regular basis. We will discuss your investment goals and help you design a strategy to achieve your investment goals.
- We will regularly monitor your account.
- You can choose an account that allows us to buy and sell investments in your account without asking you in advance (a “discretionary account”) or we may give you advice and you decide what investments to buy and sell (a “non-discretionary account”). If you choose a non-discretionary account, you will make the ultimate decision to buy or sell an investment.
- We review your account on a regular basis and contact you by phone, e-mail or in-person meetings at least annually to discuss your portfolio.
- We do not have a minimum account size for you to invest in to obtain our asset management services.

* **Financial Planning Services**

- We offer financial planning services that involve preparing a financial plan for you based on information and documentation you provide to us including your financial objectives, risk tolerance, financial resources, family situation, and future financial goals. The plan will include general recommendations for a course of activity or specific actions for you to take. You decide to implement any recommendations.
- Once we deliver your financial plan, we do not monitor your financial situation on an ongoing basis. You must contact us if you have any significant changes in your financial situation and we will update your plan upon your request.

QUESTIONS TO ASK US:

- ▶ *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- ▶ *How will you choose investments to recommend to me?*
- ▶ *What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?*

FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

Fees and costs affect the value of your account over time. The following summarizes the fees and costs you will pay for our advisory services.

Asset Management Fees

- * The amount you pay to our firm and your financial professional generally does not vary based on the type of investments we select on your behalf. The asset-based fee reduces the value of your account and will be deducted directly from your account.
- * Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the dollar value of assets in your account.
- * For **asset management accounts** that are not part of a wrap fee program, you will sometimes pay a transaction fee when we buy and sell an investment for you.
- * You will pay fees to a broker-dealer or bank that will hold your assets such as custodian fees and account maintenance fees.
- * Some investments (such as mutual funds, variable annuities, turn key asset management platforms) impose additional fees that will reduce the value of your investment over time.
- * The more assets you have in the advisory account, including cash, the more you will pay us. Therefore, we have an incentive to increase the assets in your account to increase our fees. You pay our fee quarterly even if you do not buy or sell.
- * An asset-based fee may cost more than a transaction-based fee, but you may prefer an asset-based fee if you want continuing advice or want someone to make investment decisions for you. You may prefer a wrap fee program if you prefer the certainty of a quarterly fee regardless of the number of transactions you have.

Financial Planning Fees

- * We generally charge a fixed fee that is due upon receipt of invoice. Our fees vary and are negotiable. The amount you pay will depend on the complexity of your situation and your needs.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

We are held to a fiduciary standard that covers our entire investment advisory relationship with you including monitoring your portfolio, investment strategy, and investments on an ongoing basis, among other requirements.

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- * The more assets you have in your advisory account, including cash, the more you will pay us. Therefore, we have an incentive to increase the assets in your account to increase the amount we earn (i.e., recommending that you rollover your retirement plan account or transfer assets to our firm).
- * We can make extra money if you act on our financial planning recommendations and you choose to open an advisory account through us.
- * We charge clients different fees for the same investment strategy.

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

- * We compensate our financial professionals based on the amount of client assets they service. The more assets you have in the advisory account, including cash, the more you will pay us and the more your financial professional will earn. Therefore, your financial professional has an incentive to increase the assets in your account to increase the amount he or she earns (i.e., recommending that you rollover your retirement plan account or transfer assets to our firm).
- * We compensate our financial professionals based on the time and complexity required to meet a client's needs. Therefore, your financial professional has an incentive to maximize the time spent to increase the amount he or she earns.
- * Your financial professional can receive more money by recommending that you invest in an insurance product and you choose to purchase such products through that financial professional.

QUESTIONS TO ASK US:

- ▶ Help me understand how these fees and costs might affect my investments. If I give you \$100,000 to invest, how much will go to fees and costs, and how much will be invested for me?
- ▶ How might your conflicts of interest affect me, and how will you address them?

DISCIPLINARY HISTORY***DO YOU OR YOUR FINANCIAL PROFESSIONALS HAVE A LEGAL OR DISCIPLINARY HISTORY?***

No. Please visit www.Investor.gov/CRS for a free search tool to research us and our financial professionals.

QUESTIONS TO ASK US:

- ▶ *Do you or your financial professionals have a disciplinary history? For what type of conduct?*
